Assessment & Sale of Used Assets

Description:

Reference Specification Sheet: The **DMG GILDEMEISTER CTV 250** by **DMG GILDEMEISTER** is widely recognized as a high-precision **CNC Lathes** for demanding manufacturing applications. Typical for this series is the proven **CNC** CNC control. This unit was successfully brokered via Asset-Trade. The verified technical specifications and photo documentation serve as a reliable market and valuation benchmark for buyers and sellers.

Technical Key Facts & Specifications

Manufacturer	DMG GILDEMEISTER
Model	CTV 250
Category	CNC Lathes
CNC Control	CNC
Year of Build	2011
Spindle Speed	5.000 RPM
Tool Magazine	24 Pockets
Spindle Hours	2.697 hrs

Machine Weight approx. 5.500 kg

Status: Brokered & Sold (Archive Reference)

DMG GILDEMEISTER CTV 250 vertical lathe

- Machine ON 4377 hrs
- Spindle ON 2697 hrs
- Siemens Sinumerik 840 D Ergoline
- Main spindle 25/32 kw
- 5,000 min -1
- 12x turret DIN 69880
- Shank diameter 40mm
- Chuck diameter 250 mm
- C-axis with driven tools max 4,000 min-1
- Y-axis stroke +90 / -65 mm

- IMC - Coolant Bar 8/20 l per min
 - Band filter
 - Integrated oil mist extraction 400m³ / h
 - Toolholder indoor & outdoor treatment VDI 40
 - 24 fold revolving transfer
 - Hinge conveyor belt shavings
 - ShopTurn workshop programming system
-

The new CTV series offers the fastest manufacturing times in serial production due to short chip-to-chip times of < 5 sec. and optimised turning performance.

Highlights include the ideal conditions for unequalled flexible production on the shop floor by offering excellent accessibility and user-oriented control technology. All moving axes, drives and precision-controlling measuring systems are located at the top in the protected area of the workpiece spindle. With a unique Y-travel of ± 90 mm, unrivalled in the market, and a large Z-axis stroke, a wide spectrum of short and longer workpieces between 20 and 210 mm and with diameters up to 220 mm can now be precisely machined without elaborate re-tooling.

Additional highlights of this ingenious design are fast and simple automation with the heightadjustable transport-disk and a small footprint of approximately 5,3 m²

- DMG ERGOline® Control with a 19" screen and Siemens ShopTurn*, for fast and simple program generation with 3D-simulation
- All X, Y*, Z, C axes are arranged at the top – leads to a large Y-axis (± 90 mm for eccentric boring and milling applications)
- Large Z-axis stroke allows machining with low retooling requirements for short and long workpieces, for workpiece heights from 5 to 210 mm and diameters up to 160 / 220 mm
- Standard automation: simple and flexible with up to 48 pockets, with easy height adjustment for various workpiece lengths and automatic workpiece centring
- Excellent stability, guideway size 45, for heavy utilisation in day-to-day production
- Small footprint of approx. 5.3 m²
- Optimal accessibility – wide and high door with a large viewing glass
- Internal workpiece control via touch probes (optional)
- Simple transport: Forklift ready
- Best maintenance and service-friendliness

Looking to sell a used DMG GILDEMEISTER machine?

Asset-Trade provides free, expert machinery valuation for your used DMG GILDEMEISTER. We market your equipment directly to our global network of over 100,000 verified industrial buyers.

Technical Data:

Technical Data:

Control: CNC
Machine Hours: 4377.00 hrs.
Spindle Hours: 2697.00 hrs.
Turning length: 320.00 mm
Turning diameter: 250.00 mm
Spindle Speed: 5000.00 rpm
Tool Capacity: 24 x
Tailstock: No
Bezel: No

Dimensions and Weight:

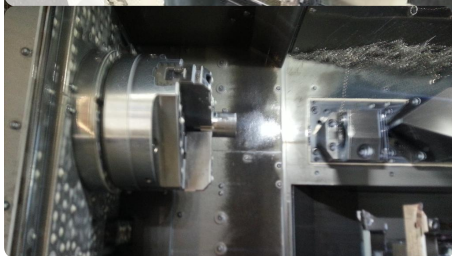

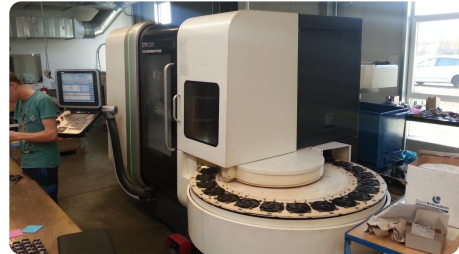

Weight: 5500 kg

Buyer Information:

Condition: Like New
Available: Sold
Sold as:
EXW (Ex Works - Incoterm)
VAT: 19 %
Buyers Premium: 15 %
Location: Germany
