Overview and Technical Data:

ZEISS - Pro-Select Y1600 Z2500 CMM

[CARL ZEISS](#)

2B

Year of Build:
Jan 2005

Description:

Used CARL ZEISS Pro-Select Y1600 Z2500

Basic equipment of 27 + L / 80 ? 70 [m] at 16-24 ° C

Software: PRO SELECT 125782-3-CMM-OS 4.10

Last calibration: 2014

Advantages of ZEISS Pro are:

- Trapezoidal stand and horizontal arm for maximum precision and dynamics
- Double-sided collision protection
- All-round ground level access to the measuring range
- Easy accessibility to maintenance-relevant parts
- Continuous rotary swivel joint CSC with high torque and high dynamics
- Bend protection for sensor carrier, optional
- Optical sensor ZEISS EagleEye for a significant reduction of the measuring time

The following premium options can be added in addition to the ZEISS PRO:

- Full cover for protection against contamination and thermal insulation
- Temperature compensation for higher accuracy with temperature fluctuations
- Option "Performance" for a 50% higher maximum acceleration
- "High accuracy" option for approximately 30% lower measurement error (in combination with full panel and temperature compensation)
