A red emergency stop button is located on the left. The central area contains a numeric keypad and several function keys. On the right, there are two rotary dials and two indicator lights (red and green). A small green and red keychain is attached to the bottom right of the panel.

A row of seven circular buttons is located below the main control panel. The first button is illuminated, and a keychain is attached to it.

SIEMENS  
A full-sized keyboard with a numeric keypad and function keys is attached to the bottom of the control panel. A yellow key is visible on the right side of the keyboard.
