## **Overview and Technical Data:**

# **WERTH Video Check IP 400x200 3D CNC Measuring Machine**

**[WERTH](#)**

**ww**

*Messtechnik*

Year of Build:  
Jan 2004

## **Description:**

# **Used WERTH Video Check IP 400x200 3D CNC**

3D CNC multi-sensor coordinate measuring machine with cross table

Last calibration: September 2021

WINWERTH software version 4.02 with WINDOWS interface and file manager

Technical data:

- Sensor head: Zoom optics MAG stage 9
- Workpiece size: 400 x 200 x 200 mm
- max. workpiece weight: 30kg
- Measuring range X: from -351.00 to 46.00 mm
- Measuring range Y: from -35.00 to 168.30 mm
- Measuring range Z: from -143.70 to 69.60 mm
- Resolution: 0.1  $\mu$ m
- Voltage: 230 V AC
- Current: max. 10 A
- Frequency: 50 Hz

The WERT VideoCheck-IP has been regularly maintained, including software and sensor head.

Optical measuring device in modular design for non-contact measurement, equipped with three independent infinitely variable illumination modes and fitted with a telecentric measuring lens.

---

## **Constant voltage controller for highest accuracy and long-term stability in the production and measuring room**

Controller Movement X and Y is generated by magnetic force and gravity. Voltage changes due to expansion are thus avoided by reducing friction and backlash, resulting in very high long-term stability. Applications are e.g. in the tool and machine building, automotive, electrical, pharmaceutical, plastics, rubber or glass industries.

## **Further advantages**

- Low length measurement deviations predestine the unit for multi-probe technology
- WinWerth® measuring software
- Graphical user interface enables efficient and simple operation

## **Technical Data:**

## Technical Data:

Control:

[CNC](#)

## Dimensions and Weight:

Height:

1.900 mm

Length:

2.000 mm

Width:

950 mm

Weight:

300 kg

## Buyer Information:

Condition:

[Very good condition](#)

Available:
