Overview and Technical Data:

Used SALVAGNIN P4-1812 CNC Panel Bending Machine

SALVAGNINI

salva

Year of Build:

Feb 1998

Description:

Second-hand SALVAGNIN P4-1812 + HTP 2015 + R51 CNC panel bender/CNC folding machine

Build 1998

Technical data:

- Maximum edge length: 1850mm
- Maximum edge height: 127mm
- Maximum plate thickness at 400N/mm²: 2.0 mm (standard version)
- Maximum bending angle: +/- 135° (depending on tool)
- Maximum diagonal of the blank and the panel: 2150 mm
- Maximum length of the blank: 1995 mm
- Maximum width of the blank and panel: 1500 mm
- Minimum distance of the notch on the long side: 265 mm
- Working height: 1090 mm
- Compressed air consumption at 6 bar: approx. 2 l/min
- Cooling water requirement: approx. 2 m³/h

- Cooling water inlet temperature: max. 20 °C
 - Mains voltage 400V 30 KW
 - Mass without oil filling: approx. 16,000 kg
 - Hydraulic oil filling: approx. 600 litres
 - Sound pressure level at the operator station: 80 dB(A)
 - Space requirement LxWxH: 7055 x 6845 x 2500 mm
-

Are you looking for a reliable and precise CNC bending machine that will take your production to the next level? Then the SALVAGNIN P4-1812 is exactly the right machine for you!

Benefit from the advantages of the SALVAGNIN P4-1812:

- **Increased productivity:** Increase your throughput and reduce your production costs.
- **Improved quality:** Achieve precise and repeatable results with minimal waste.
- **Increased flexibility:** Process a wide range of materials and sheet thicknesses with just one machine.
- **Increased safety:** The machine complies with all current safety standards.
- **Versatile processing options:** suitable for different materials and sheet thicknesses
- **Precise control:** CNC control for maximum precision and repeatable results
- **Efficient operation:** short set-up times and high production output
- **Convenient operation:** user-friendly control interface
- **Durable and reliable:** robust design for a long service life

A photograph of a Salvagnini industrial machine, likely a laser cutting or welding system. The machine features a prominent green upper frame and a blue lower frame. A red rectangular sign with the brand name "salvagnini" in white lowercase letters is mounted on the green frame. Below the sign, the machine's structure includes various cables, hoses, and mechanical components. The work area consists of two large, perforated metal plates with a grid of circular holes. A cutting head or welding torch is positioned above the plates, and a small orange tool or component is visible on the right plate. The background shows a white brick wall.
