we cut faster

Year of Build: Dec 2014

Description:

Used QUASER MV 204 V / 12 B CNC vertical machining center - Precise and powerful

Are you looking for a reliable used QUASER MV 204 V to support your production efficiently? This CNC vertical machining center for sale offers you outstanding precision and performance with a compact footprint. The MV series of vertical machining centers impresses with its high speed and robust design for the most demanding machining tasks.

- The machine is in excellent condition
- Control: CNC Heidenhain TNC 530 for precise control and easy operation.
- Operation: 16,357 hours

Technical Data:

- XYZ – ca. 1.200/700/600mm
- Spindle speed: 12 000 rpm
- Clamping surface: 1,400 x 700 mm
- Max. workpiece weight: 1,000 kg
- Weight: 9500 kg
- Toolholder: 48x
- Chip Conveyor AME, Typ SB 250
- Colling Filter: 1.000l

Why this machine?

1. QUASER MV 204 V used is the ideal choice if you need a high-precision and high-performance used precision CNC machining center.
2. With this machine, you benefit from buying a CNC vertical machining center that delivers outstanding results with minimal space requirements.
3. Rely on high-quality used vertical machining centers Germany that offer a cost-effective and powerful solution for your machining needs.
4. As part of Industrie Maschinenhandel Vertical Centers, we offer you tested machines that are both efficient and reliable.
