Description:

Buy used FRECH DAM500F hot chamber die casting machine

The FRECH DAM500F is a state-of-the-art used hot chamber die casting machine specifically designed for precise and efficient zinc die casting. If you are looking for a hot chamber die casting machine in Germany, this model is an ideal choice for companies that need high-quality industrial machinery for demanding production processes.

Thanks to its robust construction and advanced technology, the FRECH DAM500F offers exceptional performance and efficiency, making it one of the best options for buying used die casting machines. Their reliable performance and long life make them a preferred choice in the industry.

Specifications:

- Locking force: 639 tons
- Space between tie bars (W x H): 27.56 x 27.56 inches
- Column diameter:: 5.51 inches
- Stationary platen (W x H): 44.09 x 44.09 inches
- Die height (Min-Max): 13.78 x 31.50 inches
- INJECTION
- Shot position (below center): 0-6.3 inches
- Casting volume (Min-Max): 29.3-46-64-85 ci in^2
- EJECT
- Ejection Force: 31.4/16.2 tons
- Ejection Stroke: 6.29 inches
- Dry Cycle Speed ??(Max Load): 400 per hour sec
- Machine Weight: (Approx.)48,500 lbs

This FRECH DAM500F hot chamber die casting machine combines precision, power and reliability, making it a preferred choice for zinc die casting. Its robust construction and advanced technology guarantee a long service life and maximum efficiency in metalworking.

The FRECH industrial die casting systems offer exceptional precision and a long service life, making them ideal for high-volume production environments. With the FRECH
